650 BROADWAY, NEW YORK, 99 Clark St. and Crosby's Opera House, Washington St., Chicago, Illinois.

Read the following commendatory letters from distinguished Artists. Wm. Knabe & Co .- Gentlemen:

I have great pleasure in certifying that I have tried your Square Planes and find them equal, if not superior, to any in this country. Among the great qualities which distinguish them, is the evenness of tone, the easy and agreeable touch and volume of tone. Wishing you all the success which you so highly deserve, I am, sirally draw, very truly, S. THALBERG.

Wm. Knabe & Co .- Gentlemen: Having had lately an opportunity to try and test your new scale Grand as well as Square Pianos, I cannot refrain, besides reiterating all I had occasion to say as a former period, from congratulating you on the im-periant improvements you have introduced in the manufacture of Pianos. Your instruments combine a', the qualities which are required to make a Piano as per-fect as possible, and fully deserve the great popularity they have gained all over the country.

L. M. GOTTSCHALE.

Wm. Knabe & Co. - Gentlemen: I cannot but congratulate you upon the immense progress and improvements which you continually make on your Planes, which, in my opinion, rank among the very best in the country.

M. STRAKOSCH. very best in the country.

Wm. Kunbe & Co .- Gentlemen: Our Opera Troupe are at present using four of your justly relebrated Pianos, and as the exponent of the views and opinions of the various artists, permit me to say: I consider them as unsurpassed in brilliancy and exclusion, and pre-eminent, without a rival in this country or in Europe. Their superfor quality of tone, combining great depth and powerful volume, with a rich and peculiarly clear and even treble, together with marie chasticity of touch and action, reader them superfor to the other instruments, which rarely, if ever, combine those most exactlal regulation. Profoundly increased with the many valuables on these pressed with the many valuatie qualities of these Pimos, I most cheerfully endorse the high and meritorious encomiums everywhere a encounced upon them.

Chemists to H. I. H. Prince Napoleon PARIS.

These different medicines represent the most recent medical discoveries, founded on the principles of Chemistry and therapeutics. | They must not be confounded with secret or quack medicines, as their names sufficiently indicate their composition; a circumstance which has caused them to be appreciated and prescribed by the faculty in the whole world. They widely differ from those numerous medicines advertised in the public papers as able to cure every possible disease, as they are appli-cable only to but a very few complaints. The most stringent laws exist, in France, with regard to the sale of medical preparations, and only those, which have undergone an examination by the Academy of Medicine, and have been proved efficacious, either in the Hospitals or in the practice of the first medical men, are authorized by the Government. This fact must be a guarantee, for the excellency of Mess. GRIMAULT ET Co. medicines.

WATERS' PIANO FORTES are acknowl-VV edged by the press and musical public to be among the best Piano Fortes manufactured. The high reputation of these Pianos, and the increased demand for them in New York, and throughout the United States and Canada, plainly prove their superiority in tone, touch and durability. By the adoption of every really valuable im-

provement-the use of the best materials, and the employment of skilful workmen, under the personal superintendence of an able and experienced and thorough musician-it is very easy to see why the Waters' Pianos have achieved such a World-wide reputation for their durability.

The Waters' Piano Fortes are unsurpassed by any instrument in the market, and for pow-er, brilliancy, and richness of tone, elasticity of touch, and beauty of finish, cannot be excelled. They are remarkable for a fine singing quality in the middle tones, and astonishing prolongation of sound, without being confused. WATERS; but we happen to know that his instruments earned him a good reputation long before expositions and the "honors" connected therewith, were ever thought of: indeed we have one of Mr. WATERS piano fortes in our own residence, (where it has stood for years,) of which any manufacturer in the world might ed with it as a sweet toned and powerful inty; more than this, some of the best amateur players in the city, as well as several celebra-ted pianists, have performed on the said piano, and all pronounce it a superior and first-class instrument.
